

# Waldo's Weedkiller

## Extension activities

Use the information from the Waldo's Weedkiller application guide to answer the following questions:

1. What can you use this weedkiller for?

---

---

---

---

2. When is the best time to use a weed killer on your garden?

---

---

---

---

3. When you apply the weedkiller, is it ok for the chemical to run off the leaves?

---

---

---

---

4. What should you do if you accidentally apply the weedkiller to the wrong plant?

---

---

### Waldo's Weedkiller Application Guide

## Waldo's Weedkiller

**Waldo's Weedkiller** kills weeds and unwanted grasses in private and public use situations.

**How to use:** DO NOT treat if rain is likely within 2 hours.  
DO NOT DISTURB treated weeds for 7 days after treatment.

WEEDS CONTROLLED	RATE	HOW TO APPLY
<b>General Mixed Weeds</b> Annual and Perennial Weeds	5mL per 1L of water	<b>TIMING:</b> Apply when weeds are actively growing. For best results on perennial weeds treat after flowering. Treat woody leaves from flowering to leaf fall (Jan-May). DO NOT spray plants bearing edible berries. <b>APPLICATION:</b> Uniform and complete spray to wet all leaves. Run off should not occur. 1 litre of spray will cover 10 square metres. The addition of a non-ionic surfactant is recommended at a rate of 1mL of a 600g/L product (or equivalent) per 1L spray solution. Seeding or planting into treated areas may proceed after 7 days.
<b>Woody Weeds</b>	12mL per 1L of water	

### NOT TO BE USED FOR ANY PURPOSE, OR IN ANY MANNER CONTRARY TO THIS LABEL UNLESS AUTHORISED

**HOW TO PREPARE:** Mix this product with clean water. Use only plastic lined brass, copper, fiberglass, aluminum, plastic or stainless steel containers for mixing and application. DO NOT mix more than can be used within 5 days. Wash out spray equipment thoroughly after use.

**CAUTION:** DO NOT allow spray to contact or drift into plants you do not want killed. Accidental contact must be hosed with water immediately to reduce injury to plant. DO NOT allow pets and children to enter treated area until spray has dried. DO NOT allow chemical containers or spray to get into drains, sewers, streams or pond. DO NOT spray directly on humans, pets, exposed food, food preparation areas or food utensils.

**STORAGE AND DISPOSAL:** Store in the closed original container in a cool, dry place out of reach of children. Do not store in direct sunlight. Dispose of empty container by wrapping in paper, placing in a plastic bag and putting in the garbage.

**SAFETY DIRECTIONS:** Avoid contact with eyes and skin. Wash hands after use.

**FIRST AID:** If poisoning occurs, contact a doctor or  
**Poisons Information Centre Ph: 13 11 26**

5. What should you do when disposing of the empty container of Waldo's Weedkiller?

---

---

6. What types of weeds are treated at a rate of 12mL per 1L of water?

---

---

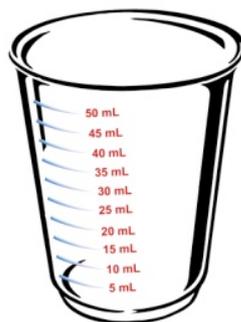

7. How many litres of water would you add to 24mL of Waldo's Weedkiller if you were treating woody weeds?

---

---

8. You are applying Waldo's Weedkiller to a perennial weed.

- At what rate would you mix it? \_\_\_\_\_
- How many millilitres of Waldo's Weedkiller do you need when adding it to 5 litres of water?  
Show your answer on the measuring container provided

**Challenge**

What amount of water would you need to add to two litres of Waldo's Weedkiller to ensure it was mixed correctly to treat general mixed weeds?
